

TOWN OF COHASSET

ANNUAL REPORT 1958

Printed below is a photostatic copy of the "Birth Certificate" of Cobasset. The original manuscript is on exhibit in the building of the Cobasset Historical Society.

At Boston, in the County of Suffolk
in New England, the Great and General
Court having granted us, the inhabitants
of Cobasset, alias Little Hingham, a precinct
by separating us off from Hingham town; and
by their record bearing date the 21st day of Novem-
ber 1717 being had, may more fully appear; and
we accordingly made application to Col. Thapen
one of his majesty's justices of the peace for
the County above-said, that we might have
a precinct meeting; who granted a warrant to
one of the Constables of Hingham, to call a pre-
cinct meeting on the 14th day of July 1718, which
he did; and the freeholders and others inhabi-
tants qualified to vote, according to law, in
town affairs, chose Daniel Lincoln Moderator,
Thomas Garnes the clerk and John Orcutt and
Joshua Bates and Joseph Bates, to warn meet-
ings for the future. Thomas Garnes was sworn
to the office above-said, before Col. Thapen the
26th of July afore-said.

Twenty first day of November, seventeen hundred and seventeen—

TOWN OF COHASSET SELECTMEN

Ira B. P. Stoughton, Norman C. Card and Helen E. Scripture

COHASSET SCHOOL COMMITTEE AND SUPERINTENDENT

Left to right: John H. Meyer, William E. Poland, John C. Grandell, Osborne F. Ingram, chairman; Superintendent, William Ripley, Jr., Mrs. Felice Low, Mrs. Katherine F. Stanton.

REPORT OF THE BOARD OF SELECTMEN

To the citizens of Cohasset:

It is the duty of your Selectmen to publish and deliver to every home the Annual Town Report. This Town Report has become increasingly larger and more costly. This year, with an idea toward economy in cost, your Selectmen appointed a Committee of five citizens to assist them to compile material for printing. This Committee has worked faithfully for long hours with the Selectmen, and this book is the result. Appreciation for the new cover design is due to MacIvor Reddie. His drawing of the Common includes the "Meeting House" where town meetings were held during the century following 1747. The saving in space has cut the cost of the book by about 40%. If you miss any items which interest you particularly, your Selectmen refer you either to the Town Accountant's office, or the office of the Town Clerk, where detailed records are filed and are open to any citizen.

The mandates of the Town Meeting have been carried through.

1. Preparation for the contract for dredging the Harbor.
2. The Drainage of Stockbridge Street.
3. Enlargement of Depot Court Parking Place.
4. Sale of land of Water Department on Ripley Road.
5. Curbing on Long and Jason Roads adjacent to the Common.
6. Cohasset's share in the control of Insect Life in Straits Pond.

In addition, the following projects have been studied and closely watched:

1. The progress of the problem of the Old Colony Railroad; many meetings attended.
2. A program of permanent street bounds has been established — 17 streets now completed.
3. A study of a plan for the enlargement of Woodside Cemetery.

A new Conference Room in the Town Hall was completed for use.

The financial condition of the Town is sound. All buildings are in good repair and well covered by Insurance.

The details of daily work in the management of Town affairs steadily increases every year, and the Board of Selectmen wishes to thank all Departments, Boards, Committees, and all groups of civic-minded citizens who have contributed of their time and effort to the solving of many problems. Co-operation of every citizen helps toward the efficiency and smooth running of our Town's organization. We thank you all.

NORMAN C. CARD
IRA B. P. STOUGHTON

APPRECIATION

The morale of the Department is excellent and it is a pleasure to express my appreciation to the personnel for their loyalty and efficiency in carrying out their assignments.

To Your Honorable Board and to all of our Citizens the men of this department join with me in thanking you for the splendid co-operation you have always given the Police Department.

Respectfully submitted,

HECTOR J. PELLETIER,

Chief of Police.

REPORT OF THE COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen

Gentlemen:

I hereby submit the annual report of the Fire Department for the year ending December 31, 1958.

I am pleased to be able to report a marked decrease in the number of alarms for grass, brush and incinerators in the year 1958. This in part can be attributed to the weather but is mainly the result of the Townspeople obtaining a Permit for the Use of Fire in the Open. By obtaining a permit it eliminated the chances of fires of this type on windy dry days.

In the year 1958 the Fire Department responded to 268 emergencies. Of this total 64 were Bell Alarms and 204 were Still Alarms.

A summary of these alarms is as follows:

Buildings	23
Grass, brush and dump fires	51
Aid to Persons, first aid, resuscitation, etc.	16
Investigations of smoke, gas and hazardous conditions	34
Mutual Aid to Scituate	6
Mutual Aid to Hull	8
Mutual Aid to Hingham	9
Electrical fires, etc.	7
Flammable liquids and gases	14
Needless, accidental or false alarms	15
Vehicles and accidents	12
Pumping cellars	44
No School signals	2
Miscellaneous	27

To extinguish these fires and handle the emergencies it required the use of 28,345 feet of hose and 548 feet of ladders. As well as the use of the smoke ejector, salvage covers and many more pieces of equipment.

The following permits were issued:

Applications for Permit to Use Explosives	36
Permits Issued for the Use of Explosives	36
Permits Issued for Fires in the open	1,335
Applications for Installation of Liquified Petroleum Gas	10
Permits Issued for the Installation of Liquified Petroleum Gas	10

Permits Issued for Storage of Liquified	
Petroleum Gas	10
Applications to Install or Alter	
Oil Burning Equipment	48
Permits Issued to Install or Alter	
Oil Burning Equipment	48
Permits Issued for the Storage of Fuel Oil	45
Permits Issued for the Removal of Underground	
Gasoline Storage Tanks	2
Radio Messages Received or Transmitted	1,351

Throughout the year inspections were made of the various public buildings within the Town. Conditions that required correction were sent to the appropriate persons for adjustment. The various school buildings were inspected and found to be in a satisfactory condition.

The firefighting equipment and apparatus of the Fire Department is in excellent condition with the exception of Engine 2, a 1937 pumping engine, stationed at North Cohasset. The program of preventive maintenance was increased and is proving to be of value in keeping the equipment in the best of condition. Engine 3 was modified in the past year . . . a larger water tank was installed and pre-connected 1½ inch fog equipment added to make it more flexible and capable of getting water on a fire in large enough quantities to be effective. The usual routine repairs were made to all of the equipment to keep it at high efficiency.

The buildings of the Department are in a reasonably good condition in spite of their age. The exception being the Central Station which is no longer suitable to house the men, fire alarm equipment and the fire fighting equipment of this Department. No reasonable amount of repairs could be made to the building to make it suitable and in accordance with the Fire Laws of the Commonwealth. At Station 3 the oil burner was replaced and the heating system modified to make it safer and as efficient as possible. Again repairs as they became necessary were made to keep the buildings in repair.

The Article which appeared on the Town Warrant in 1958 which provided that the Call Firefighters appointed after a given date would not be under Civil Service received unfavorable action in the State Legislature, in spite of the overwhelming vote it carried at the Town Meeting. This results in no change in the status of Call Firefighters with relation to Civil Service. The Division of Civil Service reported against the Bill and felt that another attempt to obtain men should be made through a special examination. This was done with unsuccessful results, just as in all previous examinations. My opinion is still unchanged in this matter and I still feel that to obtain men for the job of Call Firefighter in sufficient numbers and with the time avail-

able to serve the Fire Department that Civil Service lists will not supply them.

For the year 1959 and the years following I respectfully make the following recommendations:

1. Replacement of the 1937 Maxim Pumper stationed at North Cohasset. This engine needs extensive repairs and alterations to make it comparable to a modern pumping engine. To spend the money necessary on a 22 year old machine to make it an effective firefighting tool is not in the interest of economy.
2. The replacement of the present structure housing the Fire Headquarters. This building long ago had outlived its usefulness as a Fire Station. The floor space is far too small to accommodate the equipment and personnel quartered there. The building does not comply with the very laws that the Fire Department requires of other buildings. To spend the amount of money required to bring it up to acceptable standards and still not have sufficient room is foolhardy.
3. The addition of two permanent firefighters to the Department to compensate for the additional time off granted under the provisions of the Personnel By-Law and to provide the manpower necessary to operate the apparatus and equipment of the department.

I would like to extend the thanks and appreciation of the Fire Department to Mr. Manuel F. Oliver for the manner in which he carried out his duties for the past 23 years.

To Frederick L. Sullivan who resigned and to Nichols D. Migliaccio who resigned to join the Boston Fire Protective Patrol my sincere thanks and appreciation for their services.

To the Honorable Board of Selectmen, the heads and members of all Town Departments and the many citizens who have assisted the department my sincere thanks.

To the Officers and members of the Fire Department I would like to express my gratitude for the fine manner in which they carried out their duties and for the assistance they have given me in the year just concluded.

Respectfully submitted,

CHARLES PIEPENBRINK,

Chief of the Fire Department.

CIVIL DEFENSE REPORT

Did you receive your copy of the "Cohasset Operations Plan For Survival?" It was distributed on January 10th. Did you read it? Let's hope your answer is yes, and that you are doing what you can to protect your family with survival insurance. The preparation of that plan, following the receipt of the State Plan, on which it is based, was the main event of the year. Any benefit will depend upon your interest and action.

On May 4, 6, and 7 our CD team shared in a national practice alert exercise. As in previous years, all Cohasset personnel who were needed in the problem responded faithfully (61 persons). The sections deserving special mention are Communications, Medical, Welfare, Engineering, Supply, Administration, and Radiac (Testing radioactive fallout conditions). For the second year we felt seriously let down, as the efficiency of the local team was not matched by the higher echelons.

Our equipment has been improved with the aid of Federal "matching funds" and with State help through the surplus property operation. Uncle Sam shared in securing communications equipment: 1) a transmitter for the Control Center, 2) a two-way radio for Rescue Service, in the Wires Section, 3) a Radiophone for the Fire Section. Through the State CD we secured from the Army surplus a 4½ ton amphibious truck, known as a "Duck". For use in floods this is a mutual aid project, shared by 20 other towns located on the coast or in river valleys. The skipper, Clifford Dickson, deserves special commendation for his outstanding work in conditioning the engine, after mothballing, and in driving it from Toledo, Ohio, to Cohasset. The truck is owned by the Town and available for any heavy duty as needed by any department.

WALTER H. LILLARD

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of Cohasset:

During the year there was a total of 73 cases aided under Old Age Assistance. Starting January 1, 1958, there were 66 active cases, 8 new cases were added and 11 cases closed, leaving 63 active Old Age Assistance cases as of December 31, 1958. There are 14 cases receiving Old Age Assistance supplementing Social Security Benefits. As of December 31, 1958, there were 18 Old Age Assistance cases in Nursing Homes and 2 in Boarding Homes.

Under Disability Assistance there were 7 cases as of January 1, 1958. One case was transferred from General Relief and later to Old Age Assistance and 2 other cases closed, leaving 5 active cases as of December 31, 1958. One Disability Assistance case is in a Boarding Home temporarily.

Under Aid to Dependent Children there were two active cases as of January 1, 1958. During the year there were three new cases. One case has been closed, leaving 4 active cases as of December 31, 1958.

During the year there were 8 cases aided under General Relief. Two have been transferred to Old Age Assistance and 1 to Aid to Dependent Children, leaving 4 active cases as of December 31, 1958.

Effective November 1, 1958, there was a revision of formulas for Federal participation. The Old Age and Disability Assistance maximum Federal reimbursement is \$41.50 per month and the Aid to Dependent Children maximum reimbursement is \$20.50 per month for each parent and child included in the grant.

The Public Health Nurses report five visits to one Old Age Assistance case during the year.

Mrs. Wright, Social Caseworker for the Social Service League, has been active on five cases, known also to the Welfare Department.

We appreciate the cooperation given this Department.

Please refer to the Town Accountant's report for financial detail.

Respectfully submitted,

HELEN E. SCRIPTURE, Chairman

NORMAN CARD

IRA B. P. STOUGHTON

REPORTS OF THE WATER DEPARTMENT

REPORT OF THE SUPERINTENDENT OF THE WATER DEPARTMENT

To the Board of Water Commissioners:

I hereby submit a report on the operations and maintenance of the Water Department for the year ending December 31, 1958.

CUSTOMER SERVICES

New Services	41
Service Replacements	14
Services in use as of December 31, 1958	1459

WATER SUPPLY AND DISTRIBUTION

Water pumped to Distribution 139,450,000 gallons, a decrease of approximately 7,000,000 gallons for same period in 1957 and a total reduction since meters were installed of 70,000,000 gallons per year.

Motors and Pumps at Stations 2, 4 and 6 inspected, repaired and packed where necessary.

Engine Room at Station 4 completely re-painted.

Two new Hydrants were installed on Linden Drive.

A program of flushing the entire system twice a year was started.

In a publication issued monthly by the State Department of Public Health, an article in the August issue dealt with water treatment plants, their effectiveness and efficiency. Cohasset was listed with four other Towns and Cities having treatment plants. The efficiency of the plant in Cohasset was listed as 94.8 per cent compared with a high of 95.5 and a low of 71.7.

The following water mains were installed by Private Developers:

521 feet of 10" Main from the Reservoir to and on Reservoir Road.

450 feet of 8" Main on Reservoir Road.

562 feet of 6" Main on Old Pasture Road.

1695 feet of 6" Main on Linden Drive and Rustic Drive.

300 feet of 8" Main on Woodland Drive.

The following water mains were installed by the Water Department:

380 feet of 8" Main connecting the dead end on Reservoir Road with the new Main installed by Private Developer.

150 feet of 10" Main connecting the new 10" Main on Reservoir Road to the dead end on Pleasant Street.

300 feet of 6" Main on Stockbridge Street from Margin Street and the 4" Main which went through private property feeding this area was abandoned and the easement on this property released.

In closing this report, I wish to thank the Board of Water Commissioners for their continued support, all of the Town officials for their cooperation and assistance and to the Water Department employees for their loyalty and support.

Respectfully submitted,

HARRY H. REED, JR.,

Superintendent.

REPORT OF THE BOARD OF WATER COMMISSIONERS

To the Citizens of Cohasset:

Your Board of Water Commissioners submit the following report of highlights of its activities during the calendar year of 1958.

1. Continued the firm policy of placing all unpaid water bills on Tax Lien.
2. Established a new method of billing non-residents to insure collection of their water bills.
3. Initiated action to protect the land adjacent to Lily Pond.
4. Provided system improvements within the framework of the operating budget.
5. Codified existing and new regulations to define departmental and customer responsibilities.
6. We are working with the Board of Selectmen in relation to the Ammunition Depot property to further protect our water supply. A request has been forwarded to our Representatives in Washington requesting that the Town be given the first opportunity of acquiring the property should the Navy decide to close the Hingham Ammunition Depot Annex which has approximately 831 acres of land in Cohasset.

We commend the Water Department personnel for their achievements in the splendid operation of the Department during the past year. We also thank the citizens and officials of the Town for their cooperation and welcomed suggestions.

Respectfully submitted,

JOSEPH PERRONCELLO, Chairman

M. FRANK KNOY

WILLIAM H. TAYLOR, JR., Secretary

REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Cohasset:

Submitted herewith is the report of the Highway Surveyor for the year ending December 31, 1958.

The coming of Spring found the streets and gutters filled with sand and debris, left by the winter's ice and snow. This was quickly removed by the use of a Power Sweeper. The severe frost caused sections of the roads to break up. These sections had to be excavated, graveled and patched.

Catch basins were cleaned and drains repaired. 12 standard Catch Basins were installed and 1500' of 10" and 12" pipe were laid.

Many sections of fence were repaired and painted this year, and the setting of concrete posts, made by the Department, was continued.

All the special articles assigned to this Department at the 1958 Annual Town Meeting have been completed:

Installed curbing on Common.

Drainage of Stockbridge Street.

New Parking Area and the resurfacing of 1500' of sidewalk throughout the Town.

Buttonwood Road was surveyed, drained, graveled, surfaced and bounded.

A 6,400' section of Mix in Place was laid from West Corner to Linden Drive on Jerusalem Road, also a 1,200' section from Bow Street to Nichols Road. This re-surfacing program will be continued during the coming year.

Chapter 90 Maintenance funds were used this year to help in the re-surfacing of Jerusalem Road.

Chapter 90 Construction funds are available for work on Ripley Road.

The Department has seven permanent men, four trucks, two of which have automatic sand spreaders mounted on them, a five ton roller, and a 110 c.f. air compressor. This year a Heating System and a Toilet were installed in the Municipal Garage.

In closing, I would like to recommend that the Town of Cohasset purchase its own Tractor and Backhoe attachment. This machine

would help overcome the many drainage problems throughout the Town, and assist the Department in many ways.

I wish to thank the town officials and citizens of Cohasset for their cooperation during the past year.

Respectfully submitted,

LOUIS C. BAILEY, JR.,

Highway Surveyor.

REPORT OF THE WIRE SUPERINTENDENT

To the Honorable Board of Selectmen:

Gentlemen and Madam:

The following report of the Wire Department is submitted herewith:

Seven new fire alarm boxes have been added to the Fire Alarm System, which makes a total of seventy-two in all.

Due to the extensive building and new road construction, new Fire Alarm Box locations are necessary.

The continued practice of testing one Fire Alarm Box each week has proved to be very practical.

Grounds and other interferences have been cleared to assure positive operation of all Fire Alarm Boxes.

Police traffic signals have been kept in proper operation and repair.

All work performed by electrical contractors has been inspected and electrical wiring permits taken out for each job performed. All contractors have been very cooperative and no electrical work has been done without a permit. All payments of the standard fee for permits have been turned over to the Town Treasurer.

All electrical maintenance and repairs of all Town buildings and Departments has been performed by the Wire Department.

I wish to express my sincere appreciation to my Assistant and others, and to all Town officials for the cooperation extended to me.

Respectfully submitted,

EDWARD P. MALLEY,

Superintendent of Wires.

REPORT OF THE TREE WARDEN

To the Citizens of Cohasset:

All phases of good tree care have been carried out so far as possible so that our street trees present a generally good appearance.

About twenty trees either dead or in dangerous condition were cut down.

Roadsides have been cleared of brush where necessary, and all roadsides were mowed during the summer and some sections raked and cleaned up.

Cooperation of the Highway Department has made it possible to grade and plant some sections of roadside.

Seventy-six trees of appropriate species and type were planted during the year and large shrubs obstructing the view at the corner of South Main Street and Summer Street were replaced with low growing shrubs.

The continued interest of citizens and the cooperation of all town officials is very much appreciated.

Respectfully submitted,

HOWARD BATES,

Tree Warden.

REPORT OF THE MOTH SUPERINTENDENT

To the Honorable Board of Selectmen and Citizens:

I herewith submit my report for 1958.

INSECT PEST CONTROL

Increased efficiency of spray materials and equipment has made it possible to virtually wipe out the Gypsy Moth in this area and to control nearly all other pests to trees.

Various sprays including insecticides and fungicides were used at appropriate times so that our trees were kept in generally good condition.

POISON IVY

Poison Ivy spraying and Ragweed Control along our roadsides was continued as usual.

DUTCH ELM DISEASE

With the help of a crew of men from the Bureau of Pest Control, Department of Natural Resources at no expense to the Town, all Elms condemned in 1957 were cut and cleaned up before April 1st.

Seven barrels of 25% D.D.T. also received from the State reduced the cost of dormant spraying by about \$500.00.

All Elms which could be reached by truck were sprayed for bark beetles by May 2nd.

One hundred forty-two condemnations of Elms were made in 1958, the lowest number since 1952. Of these only thirty-six were public shade trees.

The work of cutting free falling trees will be nearly complete by year's end and a contract for topping 44 trees has been awarded.

Citizens are again urged to notify the Moth Superintendent of any Elms showing sudden wilting or yellowing of leaves.

With thanks to all citizens and officials for their interest and co-operation.

Respectfully submitted,

HOWARD BATES,

Moth Superintendent.

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens of Cohasset:

Submitted herewith is the report of the South Shore Mosquito Control Project of its activities in the Town of Cohasset for the year ending December 31, 1958.

The Town of Cohasset appropriated \$4,650 for mosquito control in 1958.

The basic program of control continued to be based on drainage in the off-season and larvaciding of all areas found to be breeding

during the mosquito season. This program was supplemented by ground application of D.D.T. dust to selected areas during the period when the swamps were frozen. Fog generators and a mist blower were used to combat flying mosquitoes.

The cumulative effect of the work of past winters has changed the work of the Project's crews. The winter dusting has stopped the breeding in many small places, making it possible for the crews to contend better with those left and to search for hitherto unnoticed spots. The drainage has eliminated some crew spraying and much air spray acreage, thus making it possible to absorb higher costs, deal with new breeding areas found or created, and yet lower the yearly budget requests, or at least, keep them the same.

In the Town of Cohasset the following ditch work was done: brushing 150 feet, reclaiming 150 feet, cleaning 1875 feet and new ditching 250 feet. Further drainage work will be done this winter with funds reserved for this purpose.

Eastern Equine Encephalomyelitis did not appear in humans or horses in Massachusetts this year, nor were positive tests obtained from pheasants, one of the most susceptible birds. Research along basic lines continues at the U. S. Public Health Service Laboratory at Taunton.

The spring spraying of all fresh water swamps too large to be treated by hand was done in the latter part of April. 1000 acres were sprayed in the Town of Cohasset.

As was done last winter, some aerial applications of dusts will be made. This procedure reduces the spring spraying which must be fitted into the few days in April suitable for air spraying.

The Project wishes to acknowledge the help received from officials and departments of the Town and sincerely hopes that the benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

Respectfully submitted,

HOWARD BATES,

Commissioner for Cohasset.

REPORT OF THE BOARD OF HEALTH

To the Voters of Cohasset:

The Board reports with regret the untimely death of Fred W. Sullivan on April 25, 1958, who had served as a member of the Board of Health for thirteen years. On October 22nd, Dr. Howard S. Reid, Chairman of the Board, resigned because of illness. To fill these vacancies, Mrs. Rosemary MacIsaacs was appointed on May 7th and Dr. Richard B. Singer on October 29th. The present Board wishes to pay tribute to Mr. Sullivan for his many devoted years of service and to Dr. Reid for his energetic leadership as Chairman.

The outstanding public health problem in Cohasset is sanitation in all its aspects. Without a public sewerage system it is essential that private installations be adequate and thus avoid the later nuisances and complaints which are not unusual at the present time. Some land in Cohasset is unsuitable for building from the standpoint of adequate private sewage disposal.

In accordance with Section 2 of Chapter I of Rules and Regulations of the Board of Health of Cohasset applications for permits are required to be filled out in advance of all construction. A preliminary inspection of the property is made with a review of a sketch of the proposed installation, and percolation tests may be required to check the absorption capacity of the soil before granting a permit. A second inspection must be made previous to backfilling of the installed system. Prospective owners and builders may be saved needless expense and effort by applying for a permit well in advance of actual excavation or construction.

During the year a part-time Health Agent has been hired on an hourly basis to assist the Board in checking individual sewage systems, doing percolation tests, etc. With an increased population and increasing problems the assistance of a professional Health Agent on a part-time basis is required to serve the Town adequately.

At the time of preparation of this report, the Board is still engaged in a survey of the present public health and sanitation needs of the Town. The members are agreed that individual problems of sanitary inspection and control are increasing in number and complexity. The Board is reviewing all the many and voluminous sewage studies that have been conducted over the years since 1906; when the collection of facts is completed the Board will be in a better position to make plans for the future.

The Town Dump has been open seven days a week although it has not been possible to provide needed supervision on Sundays most of the year because funds have not been available. It has been necessary to bulldoze the accumulation of refuse over the edge on a weekly basis resulting in considerable expense to the Town. Garbage has continued to be disposed of at the dump, a health hazard in providing too excellent a diet to the rat population. Tighter control is necessary based upon minimum sanitary standards and what is most economical to the Town.

Tuberculosis and communicable disease control, maternal and child health, and related health education are ably provided by our public health nursing service. The Board of Health purchases service from the Social Service League resulting in a combination nursing service. In 1958, Mrs. Olive Wheeler, Public Health Nurse was appointed Agent for the Board of Health in Communicable Disease control. There were 257 cases of communicable disease and 16 dog bites reported by physicians. Three cases of Tuberculosis discovered and now under treatment indicate that tuberculosis is still a disease causing havoc and requiring constant vigilance. Five premature births were reported.

The Public Health Nurses made a total of 3094 visits to 1414 cases in 1958 for the Board of Health and spent 153 nursing hours in clinics sponsored by the Board of Health. The Well Baby and Well Child Conferences were conducted on the first and fourth Tuesday of each month with a total of 290 children seen. The triple vaccine immunization clinic held in the Spring for four meetings had a total attendance of 109 children. The total number of children checked in the roundup was 329 of which 168 had received their immunization by their family physician. There was one Salk Vaccine Clinic with a total attendance of 15.

Because the Public Health Nurse follows up on all contacts of tuberculosis patients, there were 178 visits made to 65 contacts, all of which were X-rayed and reported negative. The Nurse provides transportation to the Norfolk County Hospital for diagnostic X-rays.

All other transportation for clinics was provided by the volunteer transportation committee and the American Red Cross Motor Corps. Volunteers provided secretarial service at all clinics, and a volunteer Nutrition Worker was present at each Well Baby and Well Child Conference.

There has been active co-operation between the Public Health Nurses and the School Health Nurse with follow-up on families of pupils having a positive Mantoux reaction. After graduation this group will become the responsibility of the Nurse working with the Board of Health.

Seven Board of Health Cases have received casework service from the Social Service League Social Worker. Three of these cases are still active and will be carried to 1959 for further service.

The report of the School Dentist, under Board of Health responsibility, is included with the report of the School Department.

Respectfully submitted,

ROSEMARY MACISAACS, M.P.H., Chairman

EDWARD E. TOWER, Secretary

RICHARD B. SINGER, M.D.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To: The Honorable Board of Selectmen,
Cohasset, Massachusetts.

Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1958.

All weighing and measuring devices have been tested: 123 were sealed, 20 adjusted and 1 condemned.

The amount of \$101.35 for sealing fees was collected and paid to the Town Treasurer.

Respectfully submitted,

GORHAM L. BATES,

Sealer.

REPORT OF THE BOARD OF REGISTRARS

Number of registered voters on January 1, 1958	3210
Removed from voting list because of removal to other towns, death and marriage	423
	<hr/> 2787
Added to voting list by registration	331
	<hr/>
Total number of registered voters on January 1, 1959	3118

ENROLLED TOTALS

Republicans	1527
Democrats	216
Unenrolled	1375
Population on January 1, 1958 as reported on Census taken by the Police Department	5044
Males	1605
Females	1836
Males and females under the age of twenty (20)	1603

Any female who has married during the year must re-register in her married name as her name is automatically removed from the voting list on January 1st following her marriage.

Any resident not listed in the Census taken by the Police Department should inform the registrars.

Meetings for the registration of voters are held at stated times during the year. Notices for these meetings are posted in the Post Offices of the Town and in other public buildings.

Respectfully submitted,

CLARENCE M. GRASSIE, Chairman

INFORMATION RELATIVE TO PUPIL ENROLLMENT

A child who is four years and ten months old on or before September 10 is eligible for enrollment in the Kindergarten. A pupil must be five years and ten months of age on or before September 10, to enter the first grade. Children whose birth dates precede the required dates by four months or less may be admitted following testing at a clinic sponsored by the School Committee. Pupils must present a birth certificate for initial admission to the Cohasset Public Schools.

1958 SCHOOL COMMITTEE REPORT

During 1958, the Cohasset School Committee has continued its efforts to give thoughtful citizen direction and encouragement to the public school system of our town.

At its frequent regular meetings, the Committee has given attention to each of the three important parts of our public education effort: the physical facilities, the teaching staff and the course of studies.

In the matter of physical facilities, 1958 saw a major accomplishment in the approval by the town and the start of construction of an addition to the Junior-Senior High School. This will be ready for occupancy by next Fall and appears now to put Cohasset in the fortunate position of having adequate school building facilities for the foreseeable future. A change in population trends could change the picture, but the Committee at present sees no immediate need for additional building. Few suburban towns can say as much.

In the matter of teaching staff, the careful, intelligent and often inspired selection of new teachers by the Superintendent has been combined with a planned program of appraisal and in-service development by principals, to give our school system an outstanding teaching staff. We believe Cohasset has a teaching force that is capable, enthusiastic, and devoted to the best interests of the pupils.

In the matter of curriculum, our schools have made changes in course of studies, particularly in the High School to meet the apparent needs of our times. The program for college preparatory students has been extended at its beginning and end . . . earlier introduction of preparatory subjects and advanced college-level courses for seniors. Equally, if not more importantly, the program for general students has been strengthened by increasing the offering and requirements in practical mathematics, science and English. We believe Cohasset schools offer a remarkably diverse course of studies that permits each pupil to grow in learning as fast and as thoroughly as he can.

All these are sound, substantial accomplishments but they cost money. Adequate buildings, well-maintained require capital investment and continuing support. A good teaching staff requires a fully competitive salary structure. Individualized courses of study require special teachers and intelligent guidance.

Like many other citizens, the Committee has been concerned about these rising costs. Cohasset, however, has shown that it will gener-

ously support its schools when the need is demonstrated. We have considered each expenditure carefully but always with the knowledge that the proper education of each new generation is perhaps the major purpose and only hope of our society.

Respectfully submitted,

OSBORNE F. INGRAM, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Cohasset:

A report of the schools for the year 1958 must be a report of satisfactory progress, and at the same time note an awareness that there is always a danger in complacency. However, I do feel that there has been progress in curriculum development, the provision of adequate facilities, a continuing improvement of staff coordination, and evidence of growth of general public support.

It was a year of championship performance by the student body on the athletic and academic fronts. The objective and subjective tests made of our student body indicate that we are on the right track; they are also some small refutation of the dollar-catching articles appearing frequently in the popular periodicals which attack public education. If such articles disturb any of our citizenry, I should be glad to discuss the points raised and at least present another bias. In general, they commit the fallacy of the loaded dice, begging the question and by the title giving a biased slant before a person has actually begun to read thoughtfully and carefully. In this brief report, I shall mention some things which I think deserve to be brought to your attention.

The Elementary Grades

The Ripley Road School, housing our Kindergarten and primary grades, enrolled 463 pupils as of October 1st. It was advisable to add one more first grade room because of the large enrollment. The entering Kindergarten is somewhat smaller than the present first grade, and the established pattern for the future is not discernible. The system of reporting pupil progress by parent conferences was extended to all primary grades, and reports from both teachers and parents indicate that the time spent was valuable. The introduction of Speech Therapy has proven especially effective with the children at this level. I believe that a better program of Physical Education is desirable and necessary in the primary school and recommend that it be given consideration.

The Deer Hill School enrolled 324 on October 1st; these students are in grades 4, 5, and 6. The third year of the operation of this school has emphasized the many advantages which were visualized by this type of organization. The development of a gradual introduction to homework has served to facilitate the adaptation of the pupils to Junior High School.

This spring the pupils and teachers of the Ripley Road School purchased, and with the cooperation of Mr. Howard Bates, the Tree Warden, planted shrubs in memory of Helen L. Hudson, Principal of the school from 1927 until January 1957. The pupils of the Deer Hill School caused a plaque to be placed in that school to honor and perpetuate her memory, their first principal.

Libraries have been started in both elementary schools. It is not especially effective to teach reading in the classroom if no reading occurs outside. The books which are now available, plus those loaned by the Paul Pratt Library, as well as some from the state, stimulate an interest in reading and, it is hoped, a love for good and worthwhile books.

The elementary schools have been participating in the "21 inch classroom", an in-school television program broadcast over Channel 2. The Parent-Teacher Association made this possible by presenting two television sets to the schools.

The Secondary Grades

Among the satisfactory achievements of the high school, two stand out. First, the excellent record of the graduating class of 1958; it will stand as a challenge to all succeeding classes. Members of the class of 1958 are attending the following educational institutions: The Massachusetts Institute of Technology, Harvard, Rensselaer Polytechnic Institute, University of Vermont, Wheelock College, Bowdoin College, Smith College, University of Massachusetts, Bridgewater State Teachers College, Wheaton College, Regis College, University of Maine, Endicott Junior College, Garland School, New England Baptist Hospital, Hickox Secretarial School, and Wilfred Beauty Academy. The 1958 graduates received scholarships amounting to approximately \$30,000 in value.

Our second achievement is the success of the first venture with the Advanced Placement Program. Cohasset High School was one of 360 public and private schools in the country participating in this program. These courses on the college level are taught in high schools to able and ambitious students. Last year a full year's course in Calculus and Related Analytic Geometry, and a full year's course in English Literature and Composition were offered. Seven students of the graduating class took advantage of the program and passed the examinations administered by the College Entrance Examination Board. These courses and examinations do not effect admission to

college but enable the student who has qualified for admission through the regular high school courses to receive advanced placement and/or college credits. Students who were graduated in 1958 received advanced placement in the following colleges and universities: Harvard, Smith College, and Rensselaer Polytechnic Institute. A member of the class was one of 53 students entering Harvard who was given immediate sophomore standing on the basis of advanced placement examinations. We plan to expand the program to include History and Science.

A summer program was offered last year for election by students who were interested in Typewriting and Driver Training. Forty-seven students in Typewriting and 32 in Driver Education completed these courses successfully.

The continuing reorganization of the curriculum went forward in the fields of Mathematics, Science, Social Studies, and English; so that the ground work has been laid for further development and reorganization of courses in these fields in the Senior High Grades.

The Maintenance of the Physical Plant

The program of modernizing the classrooms in the Ripley Road School was advanced during this year and much minor carpentry was needed to put the building in good condition. The walks around the school were resurfaced, and the grounds were made more attractive. The staff of school janitors did an excellent job of summer house cleaning in all three schools.

Addition to the High School

The addition to the High School was started in May and has progressed on schedule. This will be completed in time to add much needed space, as the enrollment of our 438 pupils in grades 7-12 in the school has necessitated certain make-shift arrangements which present somewhat less than ideal conditions. There seems to be no reason why the 14 new classrooms, shop, and cafeteria, as well as a larger library, two new laboratories, and an enlarged study hall in the old part of the building will not be ready for occupancy in September.

Conclusion

The cooperation of the teaching staff, the bus drivers, janitors, and our clerical workers has, as usual, been excellent and is much appreciated. The time and effort of the members of the School Committee and the High School Facilities Committee deserves the appreciation of the community which they serve.

Respectfully submitted,

WILLIAM RIPLEY, JR.

Superintendent of Schools

REPORT OF THE SCHOOL PHYSICIAN

The School Health Program has continued to expand with the rising school enrollment. A total of 710 physical examinations were performed during the last year by the school physician. Eighty-three of these examinations were in the pre-school clinics held in May. The ratio of referrals necessary for significant physical defects was simultaneously reduced indicating a good general health picture in our school population.

Vision screening tests were given to all students from the first to twelfth grades with forty-eight new referrals for defective vision. Audiometric hearing tests were likewise performed on all students above the Kindergarten level with only fourteen failures recorded. These hearing tests were particularly helpful in that they measure accurately in decibels hearing deficiencies throughout the entire human frequency range, a procedure not readily available except in a few specialized hearing clinics in the metropolitan area.

The tuberculosis screening program was continued with patch tests performed on all students attending the pre-school clinic, as well as those in grades four and nine, and mantoux tests given to the seniors in the high school. All positive reactors were referred to the Norfolk County Hospital for x-rays and further evaluation.

A Psychiatrist from the mental health clinic in Quincy has worked in cooperation with the teachers and principals of our three schools in an advisory capacity for many problems concerning mental health and student adjustment.

Our plans for the future include the introduction of a diabetes screening test as part of the student physical examinations in the coming year and an increasing emphasis on parent participation in these sessions. To date we have had an excellent response from the mothers of the youngsters in the Ripley Road School but the attendance of parents at the examinations of our new pupils and of those in the Deer Hill School group could be improved.

Any suggestions aimed at improving the health of our school population will be greatly appreciated for only with the cooperation of all will the health and welfare of our children be enhanced and thereby our own futures ensured in this rapidly expanding world of satellites and missiles.

Respectfully submitted,

ROBERT T. SCEERY, M.D.

School Physician

REPORT OF THE SCHOOL DENTIST

To the Board of Health

Cohasset, Mass.

Gentlemen:

The following report of dental operations at Ripley Road and Deer Hill School Dental Clinics is submitted for the period from January 1, 1958 to December 31, 1958.

Restorations

Silver Amalgam (with and without cement bases)	576
Synthetic Porcelain	36
Anodyne	26

Extractions

Deciduous teeth	167
Permanent teeth	2
Prophylactic Treatment	140
Miscellaneous Treatment	4
Examination without treatment	137

Usual clinic care was carried on against the world's mightiest disease — caries of tooth decay. Permanent restorations on permanent teeth were stressed at both school clinics.

Pupils in the Junior and Senior High Schools received a dental certificate from the Board of Health requesting the signature of their family dentist by February 1st. This is the only method by which dental control can be established in the High School as there is no clinic care beyond the sixth grade.

I wish to thank Miss James and Mrs. Rivers for their help throughout the year.

Respectfully submitted,

WILLIAM G. MATTESON, D.M.D.

REPORT OF THE PAUL PRATT MEMORIAL LIBRARY

To the Directors and Trustees of the Paul Pratt Memorial Library:

For many years now we have shown an increase in the circulation statistics of the Library. When I first started writing this report about ten years ago the School deposit was recorded as a certain number of books circulated and a renewal figure taken every two weeks while the books were in the Schools. The figures we now use in compiling our statistics show the original number of books sent to the Schools with only a monthly renewal. Otherwise, the increase in circulation figures would be phenomenal. For instance, on the old basis we would show a total circulation this year of 84,305 instead of 76,785.

It is a regrettable fact that we are no longer able to supply the schools with the number of books they would like to have or with as frequent a turnover. The amount of work and number of books involved, together with the increase in the circulation of children's books directly from the Library, makes this impossible.

We have had to relinquish our usual Book Week activities as we do not have the space or the personnel to cope with the increase in the School population. We have, however, been able to carry on in a limited way our instruction in the Grade School and our Story Hour on Saturday mornings for the very young.

As reported last year, I feel that with the increase in the School population and the enlarging of School systems, we should have some definite long range plans for enlarging our present facilities for reference and study activities. In the meantime, an increase in personnel and extra shelving in the Young People's room will help alleviate present conditions.

Continuous effort is being made to rid the Library of out of date material. This is a slow process because of the time involved and lack of adequate personnel. I believe we have a right to be proud of the quality and number of new books purchased but continuous effort must be put forth to enlarge our book supply and other facilities if we are to maintain and increase our usefulness to the town.

The Beechwood Branch Library, under the able direction of Mrs. Constance Jones, supplies a place for study and reference work for the children who are unable to get to the main Library. An effort is being made to supply more up to date material for this purpose.

The Library has again sponsored a group in Adult Education under the leadership of Dr. Hagler. This is a group of twenty-five to thirty people who meet every Tuesday evening for 11 weeks to discuss Foreign Policy.

We are grateful to Mrs. Hollis T. Gleason and Mrs. Charles Stenz for their volunteer help. We have received gifts of books and periodicals from various people, and the Amateur Garden Club continues to make the Library more attractive with its flower arrangements.

Statistics for the year are as follows:

Adult circulation	45,363
Juvenile circulation	31,422
<hr/>	
Total	76,785
New registrations	475
Registrations withdrawn	335
Books added	1,292
Books withdrawn	1,654

Mrs. Wood and I would like to take this opportunity to thank the Directors and Trustees for their continued co-operation and support.

Respectfully submitted,
SARAH E. HEYWOOD,
Librarian

REPORT OF THE PLANNING BOARD

No new subdivision plans of a major nature have been presented to the Planning Board for consideration during 1958. There have been the usual plans not requiring approval under the subdivision control law, and these have added some 50 to 60 new building lots to those available for use.

Three subdivisions approved in previous years have been completed as to roadways and drainage facilities during the year and their owners released by the board. In each case the work has been done in accordance with Planning Board Regulations and the new areas are a credit to the town.

In the broader field of assessing the town's needs and planning for its future growth, the board has just been informed as this report is being prepared that the Federal Government, through its Housing and Home Finance Agency, has approved our application for Urban Planning Assistance under Title VII, Section 701. This means that the board will start work at once with its consultant Mr. Allen Benjamin of Wayland on the first stages of this program which was authorized at the March 1958 town meeting. Citizens will be kept informed of the progress of these studies through periodic reports.

The announcement that the Navy intends to close the Hingham-Cohasset Naval Ammunition Depot is a matter of very grave concern. Some 800 acres of this property lie in Cohasset and the area is developed with roads and other improvements. The disposition of the property could have a far reaching effect on the town. Should it be acquired by a large scale developer it could, under our present zoning regulations, add some 1500 to 1600 new homes to the town almost overnight, thus practically doubling the number of dwelling units in the community. This of course would add a crushing burden in the way of new schools, protection services and other municipal functions. The Planning Board has contacted officials in Washington asking that the town be kept informed of developments in this matter. Meantime the board would welcome any suggestions as to possible steps which might be taken to protect the interests of the town when the closing takes place.

The Planning Board is grateful for the cooperation of all whom it has had the pleasure of dealing with during the year, both public officials and private citizens. Board meetings are held on the first and third Wednesday of each month at 8 p.m. at the Town Hall, and are open to the public.

REPORT OF THE COMMITTEE OF THE PERSONNEL CLASSIFICATION AND COMPENSATION PLAN

The Personnel Committee for the administration of the plan was appointed in April. The members for 1958 are the same citizens of the town who made up the Committee for the initial study.

Meetings have been held on the first Monday of each month throughout the year at Town Hall. It is planned to continue this practice for the coming year. The Committee has been visited at these meetings by several department heads and other employees of the town for discussion and explanation of matters pertaining to the plan. All meetings have been open to the public and will continue to be.

The Committee has kept up to date on wage levels and other conditions of employment in nearby towns and other towns in the state, and will be prepared to make recommendations to the Town Meeting on these subjects.

Two members attended the annual meeting of the Massachusetts Municipal Personnel Boards Association in Framingham on November 1.

A great deal of valuable information was obtained such as comparative wage levels for 111 different communities in the state. We were able to join in a day long discussion of Personnel Board problems.

The Committee appreciates the excellent cooperation received from the heads of departments, other boards or committees, and all town employees. We have acted promptly on any requests made to us by them.

The Committee is convinced after its first year of existence and activity that it has performed and can continue to perform a very useful function in the Government of the Town of Cohasset.

REPORT OF THE INSURANCE ADVISORY COMMITTEE

The Insurance Advisory Committee was created in 1953 by the Selectmen for the purpose of placing the responsibility of the Town's insurance in the hands of qualified insurance brokers. A complete survey of the Town's insurance was made at that time, and presented

to the Selectmen, with recommendations as to the type and amount of coverage necessary for a municipality. Individual policies were cancelled and rewritten on a consolidated schedule in order to provide more comprehensive coverage and to effect rate reductions. All Town buildings were appraised by insurance engineers and amounts were set at a realistic value, and with a common expiration date much clerical work was eliminated.

From time to time the Insurance Advisory Committee meets with the Selectmen and department heads to review the Town's insurance requirements, and adjustments are made whenever necessary. Generally speaking the Town is adequately insured, but we wish to call attention to the advisability of additional liability protection. The Selectmen, on advice of Town Counsel, presently carry liability insurance on all Town owned vehicles (except the Fire Department . . .), the Town Hall, High School, Ripley Road School, Deer Hill School, Civil Defense Building, Government Island Buildings, North Cohasset Post Office and Fire Station and Milliken Field and Stadium. . . . The Water Department Building and all operations are also covered by Liability Insurance. The Selectmen feel that the Town could claim municipal immunity in case of a suit involving any other property or equipment not covered by liability insurance. This Committee is not qualified to pass judgment on this legal question, but we feel that we would be remiss in our duty if we failed to call attention to the lack of liability insurance on certain property, departments and equipment within the Town.

As taxpayers, we have attempted to keep the insurance budget in line, but for the sake of economy alone we do not want the Town to vote a substantial appropriation for a judgment due to the lack of liability coverage. This has happened in other local communities.

We want to thank the Selectmen, all Department heads and especially the Town Accountant for their cooperation and understanding in their dealings with this Committee.

REPORT OF THE COMMITTEE FOR THE CONSTRUCTION OF FIRE AND POLICE STATIONS

In fulfilling its assigned functions as outlined under Article 37 of the 1958 Town Meeting your committee made a comprehensive and detailed study of the housing requirements for the Police Department and Fire Department of this town. Field trips were made to various municipalities. Engineers and Architects were consulted as well as a number of Police and Fire Chiefs in other towns.

The Police and Fire Chiefs in those towns that have recently constructed joint housing facilities for both departments were dissatisfied and recommended against this type of building.

The recommended site on Elm Street, while an excellent location for the Cohasset Fire Station, was found to be unsuitable for a joint Fire and Police Station. In order to construct a joint building it would be necessary to destroy or remove the Red School House now on the premises and occupied by the Civil Defense and the Community Center Nursery School. It would also block the means of passage to the land in the rear which would eliminate the possibility of prospective taxable property.

Seventeen Architects were interviewed. It was their consensus of opinion that two buildings could be constructed in place of a joint building with a small increase in cost. Therefore it was felt that a separate location should be found for the Police Station. The piece of land now owned by the town at Depot Court, which was also recommended by a previous committee, would make an ideal site.

Based on the foregoing and upon the opinion of Town Counsel that the appropriation could only be expended for a joint Fire and Police Station the committee, in the interest of efficiency and economy, did not deem it advisable to expend the money appropriated or to proceed further in acquiring plans for the joint Fire and Police Station. Therefore the committee submits the following recommendations for consideration at the 1959 Town Meeting:

1. That separate buildings be constructed as follows:
 - a. Fire Station to be located on Elm Street at the town owned site of the former Osgood School and construction be started as soon as possible.
 - b. Police Station be located on the town owned site of Depot Court, however, due to the current financial obligation of the town, construction of this project be postponed to a later date.
2. That the \$5,000.00 appropriated in 1958 and not expended be made available for the use of the committee in 1959.
3. That the committee be continued and instructed to obtain preliminary plans and estimates for the construction of the Fire Station, and submit same at a special or next annual Town Meeting.

COMMITTEE TO WORK WITH THE SELECTMEN FOR THE ACQUISITION OF THE BEECHWOOD CEMETERY

The Committee has completed all work possible to the present time but feels that it should be continued to assist, if need be, in the final legal acquisition which has been promised this year.

REPORT OF THE COHASSET INCINERATOR COMMITTEE

The so-called Incinerator Committee, established by the last Town Meeting, was empowered to study the feasibility of joining with the towns of Hingham, Hull and Weymouth in a common joint enterprise for or with respect to disposal of waste, refuse and garbage by means of incineration and the joint construction, management and operation of incinerators according to permissive legislation that was then before the General Court.

On October 14, 1958, the permissive legislation was passed by the General Court. Under this legislation, Cohasset, Hingham, Hull and Weymouth may, by a majority vote of each town, establish a South Shore Incinerator Authority. The Authority, when established, will consist of the Selectmen of the four towns who will then be empowered to proceed with the building of an incinerator to which the towns will deliver their refuse and garbage to be burned. The money for the project is to be borrowed by the towns in amounts proportional to the populations of the towns.

While incineration will be adopted sooner or later, the time of adoption will depend on many factors, the principal ones being the lack of further dump areas, the cost of incineration and the developing sensitivity of the voters to the problem.

Before the towns of Cohasset, Hingham, Hull and Weymouth will be in a position to vote intelligently on whether or not to create the South Shore Incinerator Authority, facts as to the costs of building the incinerator and collection and deposit of refuse and garbage at the incinerator must be determined by a competent engineering survey.

Cohasset, being the smallest town of the four, is obviously not in a position to dominate the situation, but your Committee believes that we should hold ourselves ready to cooperate with the other towns in the development of an engineering survey which, when made, will

help to determine whether or not the four towns will move forward to create the Authority. We think that the best way to evidence our interest is to approve a small appropriation which will be ready for use when the other towns decide that the time has come to investigate the incineration problem.

While no exact figures are available at this time of the cost of such an engineering survey, the Committee has estimated that if such a survey is made by Cohasset, Hingham, Hull and Weymouth, Cohasset's proportionate share of such cost will not exceed \$900.00.

Your Committee therefore has asked you to vote for an appropriation of a sum not to exceed \$900.00 which will be used for such survey only when and if the other three towns vote similar proportionate shares.

It is thought desirable that the Committee be continued.

REPORT OF THE HARBOUR DREDGING COMMITTEE

To: The Honorable Board of Selectmen

Gentlemen:

The proposal for dredging in Cohasset Harbour as outlined in the Annual Report, Town of Cohasset, 1957 and as approved by the Board of Selectmen has been carried forward by the Harbour Dredging Committee.

Meetings and discussions with the Waterways Division of the Public Works Department of the Commonwealth of Massachusetts have defined the project. Detailed surveys have been made by state engineers and the necessary soundings and borings obtained. Meetings with Scituate Board of Selectmen and abutting property owners have obtained the necessary releases and permission has been arranged for disposal of the dredged materials. The project has been advertised by the Department of Waterways and it is expected that work will be started early in the spring of 1959. The State formula calling for allocation of \$75,000.00 to go with \$25,000.00 previously voted by the Town provides \$100,000.00 for this work.

A meeting was arranged and held with the United States Army Engineers and the dredging projects discussed. While Federal funds are not available at the present time the Committee has under study the overall improvements contained in the Federal project.

To assure continued improvement and enlargement of Cohasset Harbour the Committee recommends that the sum of \$15,000.00 be appropriated by the Town for this purpose to be used for further dredging if, as, and when other funds by the Commonwealth and/or the Federal Government become available. The same to be expended under the direction of the Board of Selectmen.

Recommend Committee to be continued.

Respectfully submitted by the Harbour Dredging Committee,

BURTRAM J. PRATT, Chairman, Planning Board

EDWARD J. ANTOINE, Harbour Master

NORMAN C. CARD, Chairman, Board of Selectmen

SAMUEL WAKEMAN, Commodore (Ex) of Yacht Club

Chairman of the Committee

TOWN ACCOUNTANT'S REPORT

January 29, 1958

To the Honorable Board of Selectmen and
to the Citizens of Cohasset:

I herewith present my annual report in accordance with Section 61 of Chapter 41 of the Tercentenary Edition of the General Laws, for the year ending December 31, 1958, showing in detail the appropriations, expenditures, and the receipts from each source of income. Also a recapitulation sheet and a balance sheet showing the assets and liabilities and trust accounts.

With the cooperation of your board and also with the Committee to Consider the Revision of the Town Report, I have revised the Town Accountant's report, with a saving of 84 pages over the 1957 Town Accountant's report. A considerable savings was made by not printing detail payrolls. Any additional information which the citizens wish, can be furnished at the Town Accountant's office.

In accordance with Section 53 of the Tercentenary Edition of the General Laws, the records of permits and licenses issued by the Selectmen and other departments receiving money for the Town or committing bills for collection were examined and checked, the reported payments to the Town Collector and Town Treasurer being compared with the Treasurer's recorded receipts, also the savings bank books and securities representing the investment of the several trust funds in the custody of the Town Treasurer. I have further reconciled the accounts of the trust funds in custody of the Trustees of the Cohasset Free Public Library and Paul Pratt Memorial Library.

I certify that during the year, I made a complete audit of the books and accounts of the Town Collector and Tax Collector, and the outstanding accounts were listed and proved with the respective accounts.

During the year a complete audit was made of the books and accounts of the Cohasset Water Department and the outstanding accounts were listed and proved with the respective ledger accounts.

In closing, I wish to take this opportunity to thank all departments for their sincere co-operation this past year.

MALCOLM H. STEVENS,

Town Accountant.

REPORT OF THE ANNUAL TOWN MEETING

March 1, 1958

The meeting was opened at 2:13 p.m. by Moderator Robert B. James.

The invocation was given by Rev. William G. Sewell.

The number of voters present as checked on the incoming voting lists was 370.

ARTICLE 1. VOTED: that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

ARTICLE 2. VOTED: that the reports of the various Town Officers as printed in the Annual Town Report for the year 1957 be and hereby are accepted.

ARTICLE 3. To hear the report of any committee heretofore chosen and act thereon.

Beechwood Cemetery Committee

VOTED: that the report of the Committee as printed in the Annual Town Report be accepted and that the Committee be continued.

Committee to Study the Need for Additional Junior-Senior High School Facilities

To the Citizens of Cohasset:

The Committee appointed to study the need for and the planning of additional Junior and Senior High School Facilities, has carried out the directive of the Special Town Meeting held October 7, 1957, at which time the need for such facilities was established and it was voted to appropriate the sum of \$25,000.00 for the purpose of obtaining working drawings, specifications and firm bids.

Upon receiving these bids it was found that the total cost for this addition was in excess of our estimate.

After careful consideration of these bids and review of the specifications, the Committee feels that a considerable amount of the bid in excess of the estimate can and should be saved in the best interest of the Town and without in effect changing the plan as it affects the Educational requirements, or the opening date of the addition.

The Committee therefore has unanimously voted to reject all bids and to make changes in the specifications for rebidding.

We respectfully request that this report of progress be accepted and that Article 7 of this meeting be postponed to an adjourned date at which time we will present a budget with firm bids.

Harry H. Reed, Jr., Chairman

VOTED: that the report of the Committee appointed to study the need for additional Junior-Senior High School facilities be accepted and the Committee continued, and further, that after all other Articles in the Warrant have been acted on, this meeting be adjourned to Monday, April 21, 1958 at 8:00 o'clock p.m. in this hall. Article 7 of said Warrant to be then considered.

War Memorial Committee

VOTED: that the War Memorial Committee appointed under Article 38 of the Warrant for the Annual Town Meeting of 1953 be and hereby is discharged with a vote of thanks.

Committee to Survey the Administrative Functioning of the Various Town Offices, Boards and Departments

VOTED: that the Report of the Committee appointed under Article 44 of the March Meeting of 1957 be accepted and that the Committee be continued.

Regional District Planning Committee

VOTED: that the Report of the Regional District Planning Committee be accepted as printed in the Town Report and that the Committee be continued.

Old Colony Transportation Committee

VOTED: that the Report of the Committee as it appears in the Town Report be accepted and that the Committee be continued.

MOTION BY LOUIS E. SALVADOR

MOVED: that in the event that the business of this meeting is not concluded by 5:30 p.m., then this meeting shall at that time be adjourned to Monday, March 3, 1958 at 8:15 p.m. in this auditorium.

ARTICLE 4. VOTED: that the report of the Personnel Classification and Compensation Plan Committee, appointed under Article 5 of the Warrant for the 1957 Annual Town Meeting, which was printed and distributed to all voters on March 1st, be and hereby is accepted, and the proposed By-Law and Schedule classifying the positions, compensations and the various provisions as therein set forth, be and hereby are adopted.

ARTICLE 5. VOTED: that the recommendations of the Salary Plan Committee appointed under Article 5 of the Warrant for the 1957 Annual Town Meeting as to salaries of the Town's elected officials and the following salary schedule be and hereby is accepted and adopted to be effective until further vote of the Town changing the same:

Salary Schedule Elected Officials

<i>Job Title</i>	<i>Rate of Pay</i>
Tree Warden	\$1,450.00

ARTICLE 7. VOTED: that the report of the Committee appointed to study the need for additional Junior-Senior High School facilities be accepted and the Committee continued, and further that after all other articles in this Warrant have been acted on, this meeting be adjourned to Monday, April 21, 1958 at 8:00 o'clock p.m. in this hall and Article 7 of said Warrant to be then considered.

ARTICLE 8. VOTED: that this article be indefinitely postponed. (Purchase of land).

ARTICLE 9. VOTED: that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year be-

ginning January 1, 1958, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 10. VOTED: that the sum of \$781.38 be and hereby is appropriated from available cash in the Treasury being the unexpended balance of the Dog Fund received from the County for dog licenses, in accordance with Chapter 140, Section 172 of the General Laws, to be expended for the support of the Public Schools.

ARTICLE 11. VOTED: that there be and hereby is appropriated from available cash in the Treasury for the use of the Assessors in fixing the tax rate for the ensuing year such sum not exceeding \$40,000. as the Assessors in their discretion may determine advisable.

ARTICLE 12. VOTED: that the sum of \$20,000.00 be and hereby is appropriated from available funds in the Treasury (Excess and Deficiency) for the purpose of a Reserve Fund.

ARTICLE 13. VOTED: that the sum of \$800.00 be raised and appropriated for maintaining, during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with Chapter 112 of the Acts of 1931.

ARTICLE 14. VOTED: that the Town of Cohasset join in a Mosquito Control Project in conjunction with the City of Quincy and the Towns of Hingham, Braintree, Hull, Weymouth and Milton or any combination of them in accordance with and authorized by the provisions of Chapter 252 of the General Laws as amended and the sum of \$3,850.00 be and hereby is raised and appropriated for the purpose of paying Cohasset's share thereof, the funds to be paid to the Massachusetts Reclamation Board in the Discretion of the Board of Selectmen if sufficient other municipalities join to justify such action.

ARTICLE 15. VOTED: that the report of the Dredging Committee as printed in the Town Report be accepted and the committee be continued, and that the sum of \$10,000.00 be and hereby is appropriated from available funds in the Treasury for the dredging and improvement and enlargement of Cohasset Harbor, the same to be expended under the direction of the Selectmen only if, as and when other funds contributed by the Commonwealth and/or Federal Government become available.

ARTICLE 16. VOTED: that the Town assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as amended by Chapters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvements, development,

maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores, and shores along a public beach outside of Boston Harbor, including the Merrimack and Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

ARTICLE 17. VOTED: that the sum of \$2,600.00 be and hereby is raised and appropriated for the purchase of new blower type mist spray machine for the use of the Moth Department; and further that the sale, turn-in or trade of the present 1948 machine now in use by said Department in connection therewith and part payment therefor, be and hereby is authorized, and further that invitations or advertisements for bids, and specifications for purchase, shall not, insofar as feasible, limit bidders to any particular make or manufacture.

ARTICLE 18. VOTED: that the sum of \$5,000.00 be and hereby is raised and appropriated for the purchase of a new truck for the use of the Highway Department; and that the sale, turn-in or trade of the present 1947 Ford truck now in use by said Department in connection therewith and part payment therefor, be and hereby is authorized, and further that invitations or advertisements for bids, and specifications for purchase, shall not, insofar as feasible, limit bidders to any particular make or manufacture.

ARTICLE 19. VOTED: that the sum of \$2,100.00 be and hereby is raised and appropriated for the purchase of a new Automatic Sand Spreader for the use of the Highway Department; and further that invitations or advertisements for bids, and specifications for purchase, shall not, insofar as feasible, limit bidders to any particular make or manufacture.

ARTICLE 20. VOTED: that this Article be indefinitely postponed. (Purchase of Spreader Box)

ARTICLE 21. VOTED: that this Article be indefinitely postponed. (Purchase of pumping engine)

ARTICLE 22. VOTED: that the sum of \$2600.00 be and hereby is raised and appropriated for the purchase and equipping of a new car for use of the Fire Department and that the sale, turn-in or trade of the present 1955 car now in use by said Department in connection therewith and part payment therefor be and hereby is authorized and further that invitations or advertisements for bids, and specifications for purchase, shall not insofar as feasible, limit bidders to any particular make or manufacture.

ARTICLE 23. VOTED: that the sum of \$2450.00 be and hereby is raised and appropriated for the purchase of a new cruising car for the use of the Police Department and further that the sale, turn-in

or trade of the present 1956 cruising car now in use by said Department in connection therewith and part payment therefor be and hereby is authorized, and further that invitations or advertisements for bids, and specifications for purchase, shall not insofar as feasible, limit bidders to any particular make or manufacture.

ARTICLE 24. VOTED: that the sum of \$1,500.00 be and hereby is raised and appropriated for reconstruction and resurfacing of existing side-walks which the Selectmen, in collaboration with the Highway Surveyor, may deem necessary and advisable.

ARTICLE 25. VOTED: that this Article be indefinitely postponed. (Drains in Summer Street).

ARTICLE 26. VOTED: that the sum of \$2,000.00 be and hereby is raised and appropriated for the installation and construction of surface drains and necessary catch basins in a section of Stockbridge Street.

ARTICLE 27. VOTED: that the sum of \$3,000.00 be and hereby is appropriated from available cash in the Treasury for Maintenance of Highways under Chapter 90 of the General Laws, and further, that reimbursements from the State and County be restored upon their receipt to the Excess and Deficiency Account in the Treasury.

ARTICLE 28. VOTED: that the sum of \$3,200.00 be appropriated to meet the Town's share of the cost of Chapter 90 Highway Construction, and to meet said appropriation the sum of \$3,200.00 be transferred from the process received from the State under the provisions of Chapter 718 of the Acts of 1956, and that, in addition, the sum of \$9,600.00 be appropriated and transferred from free cash in the Treasury to meet the State's and County's shares of the cost of the work, the reimbursements from the State and County to be restored upon their receipt to the Excess and Deficiency Account in the Treasury; said appropriations hereunder are in addition to appropriations made under Article 12 of the Warrant for the 1957 Annual Town Meeting and to be used in conjunction therewith.

ARTICLE 29. VOTED: that the sum of \$4,900.00 be and hereby is raised and appropriated for the enlargement and improvement of the off street parking space off Depot Court and Pleasant Street, said appropriation to be in addition to the appropriation made for said purpose under Article 3 of the Warrant for the Special Town Meeting held October 7, 1957, and to be used in conjunction with the unexpended balance of said last mentioned appropriation.

ARTICLE 30. MOVED: that the Zoning By-Law of the Town, Section 5, Sub-section A, be and hereby is amended. Motion lost.

ARTICLE 31. MOVED: that the Zoning By-Law of the Town, Section 3, sub-section C, paragraph 3, be and hereby is amended. Motion lost.

ARTICLE 32. MOVED: that the Selectmen be and hereby are instructed to appoint a Committee of five citizens, one to be a member of the Planning Board, to survey existing land areas in the Town and make recommendations as to suitable areas which may be set aside for future school sites, public buildings, recreation centers, and other municipal uses, and for the protection of the town water supply. Motion lost.

Voters were counted at this point. There were only 198 present and not enough for a quorum.

VOTED: at 5:25 p.m. that this meeting be adjourned until March 3, 1958 at 8:15 p.m.

Monday, March 3, 1958

The Moderator opened the meeting at 8:20 p.m. The number of voters as checked on the incoming voting lists was 298.

ARTICLE 33. VOTED: that the sum of \$3,500. be and hereby is raised and appropriated for the use of the Planning Board in contracting with the Massachusetts Department of Commerce for the preparation of Planning Studies of the Town, such sum to be expended only if a like sum is provided by the Federal Government under Section 701 of Title VII of the Housing Act of 1954 and additions thereto or amendments thereof.

ARTICLE 34. VOTED: that the sum of \$100.00 be and hereby is raised and appropriated for the rental of a fire hydrant to be installed at the corner of Highland Avenue and Highland Court.

ARTICLE 35. VOTED: that the sum of \$100.00 be and hereby is raised and appropriated for the rental of a fire hydrant to be installed on Linden Drive at a location near or adjacent to the premises numbered 115 thereon.

ARTICLE 36. VOTED: that the sum of \$100.00 be and hereby is raised and appropriated for the rental of a fire hydrant to be installed on Linden Drive at a location near or adjacent to premises numbered 141 thereon.

ARTICLE 37. MOVED: that the report of the Committee to Investigate the Fire Department, appointed under Article 3 of the Warrant for the 1957 Annual Town Meeting, be accepted, and that said Committee be continued in office and is hereby established to further Study, Investigate and Consider the subject of a Joint Fire and Police Headquarters Building not to exceed \$165,000. in cost, with

full power and authority to engage an architect and such other consultants or engineers as may be necessary or advisable, and to prepare preliminary plans and estimates of costs, said Committee to report its findings and recommendations with suitable articles for insertion in the Town Warrant to accomplish such recommendations at a future Town Meeting; and further, that the sum of \$5,000.00 be and hereby is raised and appropriated from current tax levy for the use of said Committee for said purposes and to defray expenses thereof; said Committee also to consider the alternative proposal of providing in said building adequate headquarters for Civil Defense and the Wire Department, etc.

AMENDMENT: that said Committee be enlarged to include the Chief of the Police Department and the Chief of the Fire Department.

VOTED: to accept the motion as amended.

ARTICLE 38. VOTED: that this Article be indefinitely postponed. (Reserve Osgood School Grounds).

ARTICLE 39. VOTED: that the provisions of an act pending before, or passed by, the General Court, providing that the positions of call firemen in the Town of Cohasset shall not be subject to Civil Service Laws and Rules with respect to appointments made hereafter, is hereby accepted.

RESOLUTION BY RICHARD B. SINGER, M.D.

Resolved, that the Annual Town Meeting of March first, 1958 extends its thanks to Robert B. Whitcomb, Eric A. Pearson, Clifford D. Strout, Edward J. Dillon, Jr., secretary, and Guerard H. Howkins, Chairman, members of the Personnel Classification and Compensation Plan Committee, for their report and detailed recommendations on this subject, in recognition of their diligence, their skill, their great personal sacrifice of time, and the completion of their assigned task in a way that truly merits a unanimous "Well Done!"

VOTED: unanimously.

ARTICLE 40. VOTED: that a Stabilization Fund be created as provided and in accordance with General Laws, Chapter 40, Section 5B and Acts in amendment thereof and in addition thereto; and further that the sum of \$10,000. be and hereby is appropriated from available cash in the Treasury for said Fund.

ARTICLE 41. MOVED: that the sum of \$4,000 be and hereby is raised and appropriated to establish and supervise recreational facilities in the Billings Pratt Park off Doane Street, and in a part of the gravel pit off North Main Street; the expenditures to be made under the supervision of the Recreation Commission. Motion lost.

ARTICLE 42. VOTED: that the sum of \$2,800.00 be and hereby is raised and appropriated for resurfacing the tennis courts at Milliken-Bancroft Field, the expenditure to be made under the supervision of the Recreation Commission.

ARTICLE 43. MOVED: that the vote under Article 4 of the Warrant for the Special Town Meeting of June 21, 1954, be and hereby is confirmed, and the Selectmen be and hereby are authorized and instructed to sell, convey and transfer to Gaetano Bufalo for \$300. or such other adequate consideration as said Board of Selectmen may determine, 698 square feet of land situated on the Westerly side of Elm Street and the Northerly side of James Brook. Motion failed to secure the necessary two thirds vote. (Yes — 107 and No — 95).

ARTICLE 44. VOTED: that the Selectmen be and hereby are authorized and instructed to sell, convey and transfer for \$1,000. or such other larger amount as said Selectmen may consider and determine proper, the land with the structures thereon containing 27,225 square feet more or less, situated off Ripley Road in the rear of land of Mercie V. Nichols, which the Water Commissioners advise is no longer required for Water Department or public purposes, said land being more particularly described in deed from Daniel N. Tower to the Cohasset Water Company dated September 28, 1897, recorded with Norfolk Deeds, Book 797, Page 168, and also described as lot numbered "second" in deed of the Cohasset Water Company to the Town of Cohasset dated December 30, 1949, recorded with said Norfolk Deeds, Book 2882, Page 531, and the land thus sold to be placed in the "Residence B District" of the Zoning By-Law and Zoning Map and subject to regulations pertaining thereto.

ARTICLE 45. VOTED: that the care, maintenance, custody, control and management of the Municipal Garage be and hereby is transferred from the Selectmen to the Highway Department.

ARTICLE 46. VOTED: that the Town establish as a Town Way and accept the layout of Hammond Avenue as laid out by the Selectmen and shown on plan and layout on file in the Town Clerk's office, and that the Selectmen be and hereby are authorized to acquire by eminent domain or otherwise such rights, titles and easements in such land as is necessary therefor and to accomplish said purposes, and that the sum of \$15. be and hereby is raised and appropriated for the purchase or taking thereof.

ARTICLE 47. VOTED: to accept the report of the Committee for Curbing around the Town Common and discharge it with a vote of thanks.

VOTED: that the sum of \$1,557.30 be and hereby is raised and appropriated for installation of granite slopes on the border of the Common along both sides of Long Road between North Main Street

and Highland Avenue; along the south east side of Jason Road, between North Main Street and Highland Avenue and for approximately 86 feet on Highland Avenue, east of Jason Road, to be expended under the direction of the Selectmen.

ARTICLE 48. VOTED: that the sum of \$1,200. be and hereby is raised and appropriated to be used together with the unexpended balance of \$500. of previous appropriations to the Town By-Law Committee for the printing of the Town By-Laws and other public regulations of the Town.

ARTICLE 49. VOTED: that the gift of approximately \$508.13, known as the Lawrence Public School Fund, as provided by the Will and Codicil of Amos Lawrence, be and hereby is accepted.

ARTICLE 50. VOTED: that the sum of \$2,050. be and hereby is raised and appropriated for the Town's proportion of the cost of the control of insect life in Straits Pond, as advised by the State Reclamation Board and as provided by Chapter 557 of the Acts of 1955 as amended by Chapter 327 of the Acts of 1956, provided the Town of Hull joins in said project.

ARTICLE 51. VOTED: that a committee of five citizens, to be appointed by the Moderator, be and hereby is established to study the matter of Billboards and Signs and the proposed amendments and/or adoption of existing by-laws and/or amendments thereto with respect to same; said Committee to report its recommendations together with suitable articles to carry the same into effect at the next Annual Town Meeting.

ARTICLE 52. VOTED: that this article be indefinitely postponed. (Changes covering signs in Zoning Law).

ARTICLE 53. VOTED: that a committee of five citizens, to be appointed by the Moderator, be and hereby is established to collaborate with the Towns of Hingham, Weymouth and Hull, or any of them, and study the feasibility of joining with said other Towns in a common joint enterprise for or with respect to disposal of waste, refuse and garbage by means of incineration and the joint construction, management and operation of incinerators according to permissive legislation now before the General Court.

ARTICLE 54. VOTED: that the sum of \$154.06 be and hereby is raised and appropriated to reimburse Gilbert S. Tower for payments made by him to Spaulding-Moss Company for bills incurred for photostat and blue prints in connection with the study of the James Brook flooding and pollution problem; any permissive legislation now pending before the General Court authorizing the same being hereby accepted.

ARTICLE 55. VOTED: that the permissive legislation now pending before the General Court authorizing the increase in the pension of Eleanor T. Downs, a former Tax Collector, in the amount of \$200. yearly, retroactive to March 15, 1956, be and hereby is accepted, and the sum of \$560. to cover said retroactive increase be and hereby is appropriated.

ARTICLE 56. VOTED: that the sum of \$215.75 be and hereby is raised and appropriated to pay the following unpaid bills of 1957, incurred by the Board of Health Investigating Committee in a manner varying from the express provisions of the vote of the Town under Article 38 of the Warrant for the 1957 Annual Town Meeting: Franklin Publishing Company, \$190.75 and Mr. Harold Barnes, \$25.00. Total, \$215.75.

At 11:05 p.m. a motion was voted that this meeting be adjourned to Monday, April 21, 1958 at 8:00 o'clock p.m. in this hall.

Monday, April 21, 1958

The Moderator called the meeting to order at 8:25 p.m. The number of voters present as checked on the incoming voting lists was 212.

ARTICLE 7. VOTED: (201 to 5) (a) that the sum of \$16,350. be and hereby is appropriated for the purpose of remodeling, altering and making extraordinary repairs in and to the High School on Pond Street in connection with the construction of new additional school rooms to be added to said school to increase the floor space and to provide enlarged school facilities thereto and thereof; and to meet said appropriation the sum of \$16,350. be and hereby is transferred from the unexpended balance of \$25,000. which was appropriated under Article 1 of the Warrant for the Special Town Meeting held October 7, 1957; and (b) that the sum of \$632,950. be and hereby is appropriated for the purpose of constructing an addition, connected to and with the High School on Pond Street to increase the floor space thereof and for the original equipping and furnishing of said additions together with the grading, landscaping and improvement of the grounds incidental thereto; and to meet said appropriation the sum of \$508.29 be and hereby is transferred from the unexpended balance appropriated under Article 2 of the Special Town Meeting held November 21, 1949, the further sum of \$112.88 be and hereby is transferred from the unexpended balance appropriated under Article 4 of said Special Town Meeting held November 21, 1949, the further sum of \$7,192.85 be and hereby is transferred from the unexpended balance appropriated under Article 2 of the Special Town Meeting held June 21, 1954, the further sum of \$8,635.98 be and hereby is transferred from the unexpended balance of \$25,000. ap-

propriated under Article 1 of the Warrant for the Special Town Meeting held October 7, 1957, and the further sum of \$3,500. be and hereby is transferred from the unexpended balance remaining from the appropriation under Article 1 of the Warrant for the Special Town Meeting held December 10, 1956; that the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$613,000.00 and issue bonds or notes of the Town therefor, payable in not more than twenty years and in accordance with the provisions of Chapter 44 of the General Laws and acts in amendment thereof and in addition thereto; said authorized loan to be under and in accordance with the provisions of Chapter 645 of the Acts of 1948 and acts in amendment thereof and in addition thereto; and further (c) that the School Facilities Committee established under Article 1 of the Warrant for the Special Town Meeting held December 10, 1956 be and hereby are appointed to supervise said remodeling, altering, repairing and construction aforesaid, the said furnishing and equipping and the grading, landscaping and improvement of said grounds, including removal and/or sale and disposal of evergreen trees as required with full power and authority to employ an architect and Clerk of the Works, award contracts and otherwise contract for and in behalf of the Town in all matters necessary or expedient to accomplish the same and matters incidental thereto.

VOTED: approval of resolution, that the Selectmen are hereby directed to obtain for the information of all interested parties, all of the construction details and engineering data on the proposed relocation of Ripley Road forthwith. Further, that the Selectmen withhold their approval of the project until the abutters and other interested parties have had ample time to study the proposal and to discuss it with the Selectmen and the Highway Surveyor in a public meeting.

At 9:15 p.m. a motion was voted that this meeting be dissolved.

ELECTION OF TOWN OFFICERS

March 8, 1958

At 1:05 o'clock A.M., November 5, 1958, a motion was made, seconded, and so voted that this meeting be dissolved.

VITAL STATISTICS

Records of Birth, Marriages and Deaths Recorded in 1958

Births

Total number of births recorded was one hundred and thirty, of which forty-six were delayed returns and corrections of past years, three delayed and one current being born in Cohasset. One hundred and twenty-six were born in other cities and towns. Of the eighty-four born in the year 1958, all the parents were residents of Cohasset. There were forty males and forty-four females.

PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL

"Parents, within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born." — General Laws, Chapter 46, Section 6.

Many times returns are made by doctors and hospitals before a child has been named. Make certain your child's name is recorded.

SOME OF THE REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity; to prove nationality; to prove legitimacy; to show when the child has a right to enter school; to show when the child has the right to seek employment under the child labor laws; to establish the right of inheritance of property; to establish liability to military duty, as well as exemption therefrom; to establish the right to vote; to qualify to hold title to and to buy and sell real estate; to establish the right to public office; to prove the age at which the marriage contract may be entered into; and to make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

Marriages

Total number of marriages was fifty-seven, including those where both parties were non-residents of Cohasset. Thirty-four marriages were solemnized in Cohasset during the current year.

Deaths

Total number of deaths was seventy-seven, including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the sixty-five who were residents of Cohasset, forty-one were males and twenty-four were females. There were five delayed returns of death, three males and two females.
